25 YEAR RE-REVIEW

MEMORANDUM FOR: Deputy Director of Central Intelligence 1/12/62 1900

SUBJECT: Proposed DDI Compact [REDACTED]

1. This memorandum is for information only.

2. The Deputy Director (Intelligence) has shown an interest in possibly contacting [REDACTED] from time to time reference to a study on China that he is preparing for a private research activity. I have briefed Dr. Cline on the case of [REDACTED] and on the reasons that his Top Secret clearance for this Agency was rescinded. I have told Dr. Cline that it is important that Mr. [REDACTED] not be given the impression that he has any official security clearance with this Agency. However, I see no security objection to an occasional personal contact with [REDACTED] by the DDI or one of his principals in order to collect information from Mr. [REDACTED] which may be of interest to this Agency or to lay on him the nominal non-sensitive intelligence requirements. It should be understood that the relationship should be similar to the Office of Operations type contact [REDACTED].
